Subject Index

A

Acanthamoeba keratitis
  Unsuspected infectious keratitis in host corneal buttons, 359
Acephalic migraine
  Visual disturbances of migraine, 221
Acquired immunodeficiency syndrome
  Corneal preservation, 237
Acute angle-closure glaucoma
  Diagnosing acute angle-closure glaucoma: a flowchart, 491
Afterimages
  High myopia as an unusual cause of restrictive motility disturbance, 281
  Unsuspected infectious keratitis in host corneal buttons, 359
  Zygomaticofrontal suture defect associated with orbital dermoid cyst, 127
Akinesia
  Robert E. Wright and the development of facial nerve akinesia, 523
Aneurysms
  Retinal arterial macroaneurysms, 73
Antifungal agents
  Pharmacologic management of keratomycoses, 178
Aqueous outflow
  Pathophysiology of laser trabeculoplasty, 264
Argon laser
  Pathophysiology of laser trabeculoplasty, 264

B

Bandage lens
  Therapeutic uses of contact lenses, 381
Beta-blocker
  Corneal hypoesthesia, 28
Biomaterials
  Therapeutic uses of contact lenses, 381
Book Reviews
  Degenerative retinal disorders: clinical and laboratory investigations, 62
  Pediatric ophthalmology and strabismus, transactions of the New Orleans Academy of Ophthalmology, 63
  The retina: an approachable part of the brain, 63
Branch retinal artery occlusion
  Retinal arterial macroaneurysms, 73
Bullous keratopathy
  Unsuspected infectious keratitis in host corneal buttons, 359

C

Cataract
  Cataracts induced by microwave and ionizing radiation, 200
Central vision
  Psychophysical changes in glaucoma, 309
Chalazion
  Sebaceous carcinoma of the ocular adnexa, 477
Chibret International Symposium on Detection and Management of Early Glaucoma: Special Issue
  Cardiovascular and pulmonary effects of beta-blocking agents. Implications for their use in ophthalmology, 455
  A comparison of the effects of timolol versus betaxolol ophthalmic on cardiopulmonary exercise performance in healthy volunteers, 457
  Computerized perimetric monitoring and study of scotomatous area fluctuations in timolol-treated open-angle glaucoma patients, 423
  Conference summary, 475
  Contrast sensitivity changes in ocular hypertension and early glaucoma, 405
  Discussion, 409
  Discussion, 421
  Discussion, 435
  Discussion, 449
  Discussion, 459
  Discussion, 471
  Early visual field changes with beta-blocking agents, 429
  The effect of treatment on progression of glaucoma, 431
  Epidemiology as it relates to screening for glaucoma, 441
  Foreword, 399
  Future trends in the management of glaucoma, 469
  Histology of optic nerve damage in ocular hypertension and early glaucoma, 401
  Ophthalmoscopy in the detection of optic disc and retinal nerve fiber layer changes in early glaucoma, 447
  Optic disc changes in early glaucoma, 417
  An optimized visual field screening method, 443
  Overview of efficacy and local tolerability of a new timolol/pilocarpine combination, 467
  Panel Discussion, 439
  Part I, 437
  Part II, 438
  Part III, 438
  Part IV, 473
  Part V, 473
  Part VI, 474
  Pharmacologic effects of beta-blocking agents used in the management of glaucoma, 453
  Physiology and pharmacology of alpha and beta receptors in the eye, 451
  Pressure compliance test of the optic nerve head: influence of different antiglaucoma drugs, 465
  Psychophysical changes in early glaucoma, 407
  Quantification and monitoring of visual field defects and a prospective, randomized comparison of pilocarpine and timolol using computerized perimetry, 427
  Retinal nerve fiber layer and neuroretinal rim changes in ocular hypertension and early glaucoma, 413
  Reversibility by timolol of optic nerve disc cupping and pallor in ocular hypertensives, 419
  Review of clinical studies of beta-blocking agents, 461
  Ten-year follow-up of timolol-treated open-angle glaucoma, 463
  Topical timolol and the human retinal circulation, 415
  Value of intraocular pressure measurement as a screening tool for glaucoma, 445
  Visual field changes in early glaucoma and how to recognize them, 403
Chondroitin sulfate
  Corneal preservation, 237
Choristoma
  Ocular choristomas, 339
Choroidal osteoma
  Choroidal osteoma, 17
  Ocular choristomas, 339
Clinical Challenges
  Bumpy muscles, 189
  The case of the gray optic disc! 367
  Double vision, visual loss, and an enhancing orbital apex, 55
  Empty cavity and giant tears, 495
  Popping eyes, 273

Clinical Pathological Review
Invasive squamous cell carcinoma of the conjunctiva presenting as necrotizing scleritis with scleral perforation and uveal prolapse, 50
Neurofibromatosis and neural crest neoplasms: primary acquired melanosis and malignant melanoma of the conjunctiva, 373
Coats' syndrome
Retinal arterial macroaneurysms, 73
Color vision
Psychophysical changes in glaucoma, 309
Computed tomography
High myopia as an unusual cause of restrictive motility disturbance, 281
Zygomaticofrontal suture defect associated with orbital dermoid cyst, 127
Cone-rod dystrophy
Retinitis pigmentosa, 137
Congenital myopia
Empty cavity and giant tears, 495
Congenital optic disc pigmentation
The case of the gray optic disc! 367
Conjunctiva
Invasive squamous cell carcinoma of the conjunctiva presenting as necrotizing scleritis with scleral perforation and uveal prolapse, 50
Contact lens
Corneal hypoesthesia, 28
Therapeutic uses of contact lenses, 381
Contrast sensitivity
Electrophysiological and psychophysical testing of vision in glaucoma, 301
Psychophysical changes in glaucoma, 309
Corneal hypoesthesia
Corneal hypoesthesia, 28
Corneal physiology
Therapeutic uses of contact lenses, 381
Corneal preservation
Corneal preservation, 237
Corneal sensitivity
Corneal hypoesthesia, 28
Corneal surface disorders
Therapeutic uses of contact lenses, 381
Corneal surgery
Corneal hypoesthesia, 28
Pingueculae and pterygia, 41
Unsuspected infectious keratitis in host corneal buttons, 359
Corneal transplantation
Corneal preservation, 237
Eye banking: 1944 to the present, 260
Unsuspected infectious keratitis in host corneal buttons, 359
Corticosteroids
Double vision, visual loss, and an enhancing orbital apex, 55
Cryopreservation
Corneal preservation, 237
Cryotherapy
Retinopathy of prematurity, 1
Current Ophthalmology
Bilateral optic neuropathy and osteolytic sinusitis. Complications of cocaine abuse, 286
A biometric investigation of late onset myopic eyes, 395
Congenital ocular blindness in children, 1945–1984, 132
Does herpes simplex virus establish latency in the eye of the mouse? 396
Entoptic phenomena and reproducibility of corneal striae following contact lens wear, 66
Eyes or patients? Traps for the unwary in the statistical analysis of ophthalmological studies, 133
Fine binocular control in dyslexic children, 131
HIV antibody screening of corneal donors, 66
Management of intraocular pressure during cardiopulmonary bypass, 285
Modification of Bick's procedure for treatment of eyelid laxity, 67
Recovery of vision after ischemic lesions: positron emission tomography, 65
Current Research
Cataracts induced by microwave and ionizing radiation, 200
Current concepts of the pathogenesis of optic neuritis associated with multiple sclerosis, 108
Magnetic resonance imaging and spectroscopy of intraocular tumors, 502
Pathophysiology of laser trabeculoplasty, 264

D

Dark adaptation
Retinitis pigmentosa, 137
Demyelination
Current concepts of the pathogenesis of optic neuritis associated with multiple sclerosis, 108
Dermoid cyst
Ocular choristomas, 339
Zygomaticofrontal suture defect associated with orbital dermoid cyst, 127
Diabetes
Corneal hypoesthesia, 28
Diagnostic and Surgical Techniques
Diagnosing acute angle-closure glaucoma: a flowchart, 491
Pingueculae and pterygia, 41
Disc hemorrhage
Disc hemorrhages in the glaucomas, 331
Drug delivery
Therapeutic uses of contact lenses, 381
Duction
Oblique muscle palsies fixating with the paretic eye, 97
Dystrophic intraocular calcification
Choroidal osteoma, 17

E

Ectopic tissue
Ocular choristomas, 339
Electrophysiology
Electrophysiological and psychophysical testing of vision in glaucoma, 301
Embryonic development
Retinopathy of prematurity, 1
Endocrine ophthalmopathy
High myopia as an unusual cause of restrictive motility disturbance, 281
Epidemiology
Tonometry in question: can visual screening tests play a more decisive role in glaucoma diagnosis and management? 291
Epidermal nevus syndromes
Ocular choristomas, 339
Epidermoid cyst
Ocular choristomas, 339
Ergonomics
Video display units and visual function, 515
Ethics
Advertising in ophthalmology. I. A threat to professional autonomy. II. A defensible aspect of free enterprise. III. Editorial, 211
Extraocular muscles
Bumpy muscles, 189

Exudate
Retinal arterial macroaneurysms, 73
Eye banking
Corneal preservation, 237
Eye banking: 1944 to the present, 260
Eyelid coloboma
Ocular choristomas, 339
Eyelid neoplasms
Sebaceous carcinoma of the ocular adnexa, 477
Eyestrain
Video display units and visual function, 515

F

Fine needle aspiration biopsy
Bumpy muscles, 189
Fluorinated pyrimidines
Pharmacologic management of keratomycoses, 178
Fungal infection
Pharmacologic management of keratomycoses, 178

G

Glaucoma
(*See also* "Chibret International Symposium," and "Visual Function in Glaucoma")
Correlation of visual function with optic nerve and nerve fiber layer structure in glaucoma, 319
Diagnosing acute angle-closure glaucoma: a flowchart, 491
Disc hemorrhages in the glaucomas, 331
Electrophysiological and psychophysical testing of vision in glaucoma, 301
Pathophysiology of laser trabeculoplasty, 264
Popping eyes, 273
Psychophysical changes in glaucoma, 309
Tonometry in question: can visual screening tests play a more decisive role in glaucoma diagnosis and management? 291
Goldenhar syndrome
Ocular choristomas, 339
Gonioscopy
Diagnosing acute angle-closure glaucoma: a flowchart, 491
Gray optic discs
The case of the gray optic disc! 367

H

Hereditary disorders
The case of the gray optic disc! 367
Empty cavity and giant tears, 495
Neurofibromatosis and neural crest neoplasms: primary acquired melanosis and malignant melanoma of the conjunctiva, 373
Retinitis pigmentosa, 137
High myopia
High myopia as an unusual cause of restrictive motility disturbance, 281
History of Ophthalmology
Eye banking: 1944 to the present, 260
Robert E. Wright and the development of facial nerve akinesia, 523
Willard Parker's 1841 orbital operation, 117
Hydrogel lens
Therapeutic uses of contact lenses, 381

I

Image analysis
Correlation of visual function with optic nerve and nerve fiber layer structure in glaucoma, 319
Imidazoles
Pharmacologic management of keratomycoses, 178
Infectious keratitis
Unsuspected infectious keratitis in host corneal buttons, 359
Inflammatory process
Double vision, visual loss, and an enhancing orbital apex, 55
Inhibitional palsy
Oblique muscle palsies fixating with the paretic eye, 97
Interstitial deletion of chromosome 17
The case of the gray optic disc! 367
Intraocular calcification
Choroidal osteoma, 17
Ocular choristomas, 339
Intraocular ossification
Choroidal osteoma, 17
Intraocular pressure
Disc hemorrhages in the glaucomas, 331
Electrophysiological and psychophysical testing of vision in glaucoma, 301
Pathophysiology of laser trabeculoplasty, 264
Tonometry in question: can visual screening tests play a more decisive role in glaucoma diagnosis and management? 291
Ionizing radiation
Cataracts induced by microwave and ionizing radiation, 200

K

Keratomycosis
Pharmacologic management of keratomycoses, 178

L

Laser trabeculoplasty
Pathophysiology of laser trabeculoplasty, 264
Letters
Congenital esotropia: search for etiology, 69
Cryotherapy for retinopathy of prematurity, 134
Lipodermoid
Ocular choristomas, 339
Low tension glaucoma
Disc hemorrhages in the glaucomas, 331
Lymphoma
Double vision, visual loss, and an enhancing orbital apex, 55

M

Macroaneurysms
Retinal arterial macroaneurysms, 73
Macular edema
Retinal arterial macroaneurysms, 73
Magnetic resonance imaging
Magnetic resonance imaging and spectroscopy of intraocular tumors, 502
Major Review
Choroidal osteoma, 17
Corneal hypoesthesia, 28
Corneal preservation, 237

Disc hemorrhages in the glaucomas, 331
Oblique muscle palsies fixating with the paretic eye, 97
Ocular choristomas, 339
Retinal arterial macroaneurysms, 73
Retinitis pigmentosa, 137
